The organization of this order, is rather complex. At the base is the subordinate, local or neighborhood grange; above this is the State grange; at the apex, the national grange, of which the chief duties are "to collect and disseminate information for the benefit of the whole to place to place State granges in coope."

calls on the farmer and asks him to purchase his wares, or the right to use them; the farmer, knowing that he does not actually need them, says no; but the smooth, oily tongue of the agent soon gets a decision in his favor, and there are two sales effected instead of one—for the farmer is sold and the agent sells his ware. When order, to place State granges in co-op-erative communication, and advise bee-hives, oxyokes, fences, and a thou subordinate granges with reference to matters of special interest." In the subordinate grange, there are four "degrees"—"taborer of maid," (according to sex), "cultivator of sheperdess," "harvester or gleaner," and "husbandman or matron." The fifth degree—"Pomona, hope"—is obtained on entering the State grange, which is composed of the masters of subordinate granges and such masters' wives as are "matrons." The sixth—"Flora,

as are "matrons." The sixth—"Flora, charity"—is obtained on entering the national grange, which is composed of implements used about the household the masters of State granges and such of and farm; the inventors, manufactheir wives as have taken the previous degree. For the seventh—"Ceres, faith"—all members of the national farmers could not or did not say no. grange are eligible after a year's service. This degree has charge of the secret work of the order, and is the tribunal for trying impeachments.

The gentle reader will already have noticed that the "Patrons" are as free from the prejudice of sex as Miss Anthony herself could desire.

One of the head centres is quoted as same reason.

farmers could not or did not say no. All the vile nostrums that are distributed throughthe country were sent there by the manufacturers simply because they know the weakness of the masses; and swindlers of all kinds, from wine plant peddlers down to counterfeit money dealers, who send boxes of sawdust to their dupes, flourish for the same reason.

One of the head centres is quoted as same reason. "Suffrage for women is com-It is passing strange that men and ing, we have the certain means of women who possess any intelligence, knowing that which even the press can for a moment suppose that any cannot find out. We have taken a broad stride in the world's progress; we have given woman her true place. We not only make her eligible to our bishest office but we have three places. highest office, but we have three places which only a woman can fill. You may call it the poetry of our order, but it is a part of the foundation as well as a principle, for no person can become introduce a new plant, fruit or vegetations are the professions. The same is true in regard to plants; and if farmers will remember this one introduce a new plant, fruit or vegetations are the professions. a member until they have been consecrated and blessed by her hands." This ceremony of consecration and blessing is so original that we make no apology for reproducing "Olivia's" account of it veroatim. Indeed, it would be treating our subscribers very shabbily to abridge a syllable. "On a remote platform," she says, "in the hall where the meeting is held, may be seen the three women whose charming hands must consecrate the new aspirant. would not only have saved many thous must consecrate the new aspirant. The first is Flora, named from mytholands of dollars, but have had a far better opinion of mankind in general.

Messrs, Frank P. Gracey & Bro. are my authorized agents at Clarksville, Tenn. WILEY SIMMS, Captain. tion for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and March 1, 1873-3m clean. It removes all eruptions and dandruff, and, by its tonic proper-ties, prevents the hair from falling out, as it stimulates and nourishes

the hair-glands. By its use, the DENTISTRY AND MEDICINE. hair grows, thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR-DRESSING ever used, as it requires fewer applica-tions, and gives the hair a splendid,

DR. JOHNSTON returns many thanks to his friends and patrons for the liberal patronage for the last few years, and would ask a continuance of the same. He may be found at his office at all hours, ready to wait on all that may favor him with a call. Nov. 23, 1872-tf
